

# SAKURA SCIENCE PROGRAM

- Teaching international students the Japanese traditions and culture.
- Interactive workshops.

# Sakura Science: Invitation of IIT Kanpur

- Invited Prof. Ibrahim along with numerous high achieving, talented IIT Kanpur students to SIT
- To enhance globalization in SIT by allowing cultural exchange in terms of research and human resources
- To expand IITK's interest of opportunities to pursue PhD programs in SIT

# Sakura Science: Invitation of Amity University

- Inviting Amity University faculty and students to SIT under Japan-Asia Youth Exchange Program in Science which aimed to bridge a better future in Asia.
- In this program, Amity University students will be exposed to technological innovations and research opportunities of SIT and will also strengthen research collaborations along with internal/external student exchange.
